STACKS (based on an Australian pattern)

Quilt size 42” x 45”

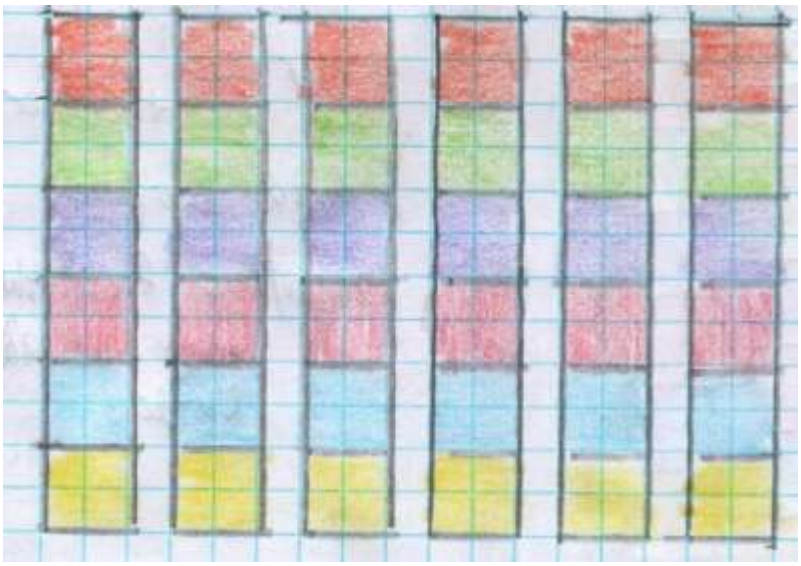

Fabric requirements:

- 6 strips 6 ½” wide by width of fabric
- 21” by width of fabric for borders
  (if the border fabric width is at least 42 ½” wide you’ll only need 17 ½” of it)

Step #1: Sew the 6 strips of fabric together

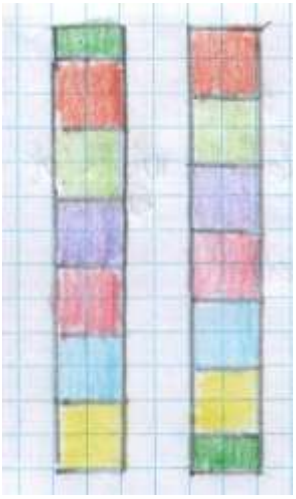

Step #2: Cross-cut into 6 ½ wide strips

Step #3: From the border fabric cut 6 strips 3 ½" wide
(You only need 5 strips if the width of your border fabric is at least 42 ½" wide)

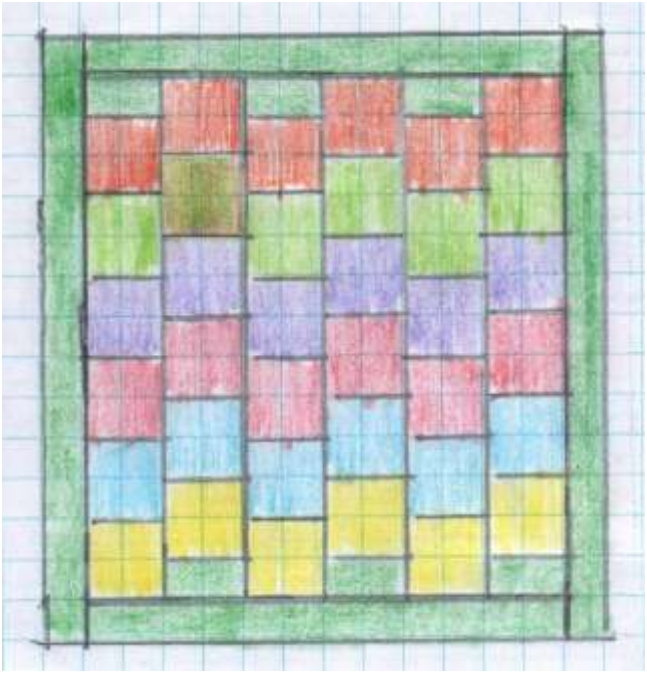

From one strip – cut six pieces 3 ½" x 6 ½"

Sew the 3 ½" x 6 ½" *pieces to the Sept #2 units – sew 3 to the top of the strips and sew 3 to the bottoms*

Step #4: Sew the strips together alternating the strips that have the extra piece sewn to the top of the strips with the strips that have the extra piece sewn to the bottoms.

Attach the borders to the sides (39 ½").
Then, attach the top and bottom borders, depending on the width of your border fabric you may need to piece the strips (42 ½")

Note: My fabric was not 42 ½" wide so I chose to attach my borders in the reverse order.
